“HYBRID DJ”

This new and exciting option fuses our live, interactive percussionist with a pro DJ who’ll play the music you’ll know and love. Please note, this option is far less interactive than our Move DJ duo as the DJ is acting as drummer and percussionist. An affordable option that will give guests a taste of our live music experience.

“THE MOVE DJ DUO”

This option is far more interactive than package 2. The percussionist is an entertainer who will provide a unforgettable experience . A unique high energy performance. Your guests will become part of the show. Handed maracas and taught beats right on the dancefloor. Instruments unique to your culture can be included e.g. bongos (latino drum) toumperleki (Greek drum), djembe (African drum), Tumpaki and Tubul (Arabic) .

“THE SAXOBEAT DJ DUO”

This includes our premium DJ service. Grooves from our saxophone player add a touch of class. We begin with smooth jazz whilst your guests enjoy pre-dinner drinks and transition to funky high energy performance once your guests are dancing. The saxophone player will join and interact with your guests on the dance floor.
